- New option added to invoice defaults in settings to automatically expand customer address info on invoice when you view it. (89192)

◆ **Serialized**

- Corrected issue on the Unit Aging Report where the model number column was overlapping (88133)

◆ **Service**

- Lizzy previously allowed a user to edit and/or delete loyalty points *only* if they were not generated by Lizzy and linked to an invoice. (In other words, points that had been manually added via the old loyalty program controls). Because of customer requests, we have added the ability for a user to edit/delete of loyalty points/credits even if accrued from an invoice in Lizzy. Currently, this is open to all Lizzy users, and nizeX logs a history of who edits points and credits or removes points or credit, which is available upon request to R&D. (81158)
- Fixed PPM details control so that the correct style applied for overlay. Added Uses left and expiration date to the info displayed. (89735)

◆ **Settings**

- Fixed Linking Invoice Header to current contact in settings multi locations. (90902)
- Payment icons for Sheffield and Synchrony added. (70881)
