Public Release Notes-Version 3.1.1.8 (Final Release)

◆ **Accounting**

- Added Total Freight to the Total Shipping section on the Unit PO Receiving report. (87159)

◆ **General**

- Added column to RMA report to show the sales person who created it. (88900)

◆ **Invoicing**

- Corrected issue where estimates were being calculated as sales on the Sales and Receivables report (88718)

◆ **Parts**

- Fixed issue where parts descriptions were not saving when edited. This was primarily an issue with capitalization, as the database was not case-sensitive, so changing capitalization on a part description was not updating the actual description. This has been fixed. (87025)

◆ **Sales**

- The Recap control has been updated to pickup on the proper Price & Cost of the unit depending on if the deal is a Cash or Finance deal. (87404)

◆ **Service**

- Added billable hours x rate to the job details on view invoice (88430)
